A Stylish Rig

Is as easy to have and as inexpensive to buy as one that is several years behind the times, if you buy of us. We make a study of styles and prices; we know how to buy, where to buy, and by buying in large quantities for spot cash we get rock bottom prices and the lowest freight rates. These are reasons—and good reasons, too—why we can save you money on vehicles and harness, and sell you the best goods at what others would have to charge you for inferior grades. We sell all kinds of horse furnishings.

HARDWARE

Is our stand-by. We carry a large stock of fine locks, knobs, and all the numerous articles that go to trim properly the doors and windows of modern houses. We take contracts for the hardware complete for trimming public buildings, hotels, blocks and fine residences, insuring a harmonious scheme of selected designs throughout at the lowest possible price. Our

PAINT, OIL and VARNISH DEPARTMENT

Contains all the staples and most of the specialties in the paint and varnish line. If you can't find what you want in this line at our store, you won't find it in the city.

RUBEROID

Is the name of a roofing that is not subject to rust or corrosion; that successfully resists acids and alkalis, smoke, gases, fire, intense heat and unequal and varying temperature; that is weather-proof and water-proof. It is easy to lay. Write us for samples and prices.

MANUFACTURERS AND PATENTEES OF

THE "RIVAL" FOUNTAIN PEN.

The above case is $\frac{3}{4}$ actual size, fitted with Gold Pen, medium, fine or stub. These pens can be had with under or over feeds.

IT HAS NO SUPERIOR.

A reliable fountain pen is now regarded everywhere by progressive people as the most practical and convenient writing instrument. The very best fountain pen is the "RIVAL."

The Combination is:

A gold pen, the very best that can be made, no less than 14 karat gold.
A hard rubber holder of the best shape and finest finish, containing an ink reservoir.
A feed that conducts the ink from the reservoir to pen point with absolute certainty without blotting or overflowing.
The special feature of the feeding device in the "Rival" is two ink-ducts which draw the ink from the reservoir to the pen with the same reliability that the split of the pen draws the ink to the paper, and both respond to the act of writing with regularity.
The gold pens are of the best quality and are warranted unconditionally.
The assortment includes medium and short nibs, and fine, medium, coarse and stub points, all to suit any hand, besides the styles especially adapted for manifold work.

THE "FALCON" AND "CHAMPION" STYLO PENS.

SPECIAL FEATURES.

- 1st. The combination of a Gold Needle and Platinum Point gives it a softer feeling when writing than any other pen; more equal to a lead pencil.
- 2nd. It will hold more ink than other pens sold for the same price.
- 3rd. There are no collars to twist or turn to admit the air. The air-vent is always open.
- 4th. The material used in manufacturing this pen is positively the best in the market.
- 5th. Every pen is examined by experts before leaving the factory.

THE "MONARCH" POCKET ERASER.

Aren't You Tired

of soiling your fingers in using a Fountain Pen with the ink-joint located just where the fingers grasp the pen while writing, or when opening the reservoir to fill it?

Most busy men like to be neat and up-to-date

A. A. Waterman & Co.

(note the initials "A. A.")

make two styles of their "Modern" pens, the Middle Joint and the Automatic Self-Filling, that do away with the old ink-joint objections.

If your dealer doesn't have a good assortment write to the sole makers, at

A New and Enlarged Edition

PARENTS

will find by inquiry that in the schools their children attend, Webster's is the Dictionary by which they are trained, and that their schoolbooks conform to this same authority. Is it not best to have the same Dictionary in the home?

The constantly increasing sale of Webster's International Dictionary proves that parents are wisely following the above suggestion.

Rev. Lyman Abbott, D.D., Editor of The Outlook, says: Webster has always been the favorite in our household.

It has 2364 quarto pages with 5000 illustrations. 25,000 new words and phrases have recently been added under the supervision of W. T. Harris, Ph.D., LL.D., U. S. Commissioner of Education.

Its appendix with departments of Biography, Geography, Fiction, etc., is a packed storehouse of valuable information.

Our name is on the title-pages of all authentic Webster's dictionaries.

LET US SEND YOU FREE "A Test in Pronunciation" which affords an instructive evening's entertainment. Also illustrated pamphlet.

OUR MAN'S COAT SET

Enables you to hang twelve coats in the space ordinarily taken by one.

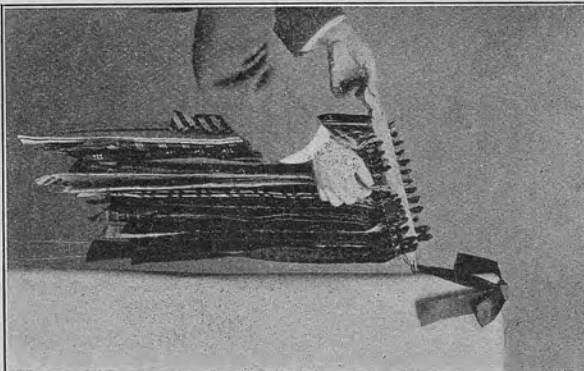

The apparatus consists of a polished steel bar, nine inches long, which is screwed to a door or other convenient back. This bar carries four different length coat hangers, made of veneer and very light. The variations in length enable you to see one top over another. Any coat can be removed without disturbing the rest.

You can use four, eight or twelve coat hangers, as desired. The cut shows four and a friction clutch to prevent the coats swinging when the bar is attached to a door.
